Higashimurayama's Good places

We have a beautiful garden, called Kitayama Park. The park is very famous for the irises. You can enjoy beautiful flowers in June every year.

This is a water mill. This mill was originally built in the Edo period, 17th century.. It shows the life style of old ages.

We have some shrines in Higashimurayama. Each shrine holds summer festivals.

Some children are dancing on the stage in the yard of the shrine with drums and flutes.
